To Whom It May Concern,

RE: Letter of Endorsement Abundant Relief Mission Inc. (ARM)

It is with great pleasure and without reservation that I write this letter in full support of Abundant Relief Mission Inc. (ARM) and its founders, Pastor John Ronel and his wife Francoise Ronel. The Heart of Kansas Southern Baptist Association (HOKSBA) has maintained a close and active partnership with Pastor John and Francoise Ronel since the founding of Oaks Fellowship Church in Wichita, Kansas in January 2016. Oaks Fellowship was established as the first church in Wichita specifically serving African immigrant communities, and it grew from the ground up through the personal sacrifice, pastoral dedication, and missionary vision of the Ronel family.

Throughout this partnership, HOKSBA through the collective generosity of its member churches provided consistent financial and spiritual support to sustain Pastor John and Francoise's transportation ministry, church planting activities, and community outreach efforts. This support was not given in response to formal requests but was inspired by witnessing firsthand the depth of commitment, integrity, and selfless service that characterizes everything John and Francoise do.

We are fully confident that Abundant Relief Mission Inc. will carry forward the same spirit of excellence, faithfulness, and community impact that has defined the Ronels' ministry for decades. We wholeheartedly endorse ARM and encourage all who read this letter to extend their support to this vital and trustworthy organization.

Sincerely,

Dr. Kelly R. Randolph
Associational Mission Strategist
